

LEAD-SAFE HOME REMEDIATION PILOT PROGRAM

Is Your Home Lead-Safe?

Did you know that...

Lead was used in paint on homes built before 1978?

Lead can be found on your windows, doors, walls and floors?

High lead levels can cause attention, behavioral and learning deficiencies in children?

Children under 6 are especially at risk of being poisoned by exposure to lead?

La Casa de Don Pedro offers free testing services to your home's interior:

- Preliminary lead testing to determine if lead is present on painted surfaces
- Lead Inspection/Risk Assessment of your home
- Lead Remediation and Abatement of lead hazards
- Education on how to keep your home and family safe from lead
