

Rural LISC Mission

Rural LISC believes in rural America. We are committed to providing support for our communities, making them good places to live, work, do business and raise children. We believe that nonprofit community organizations play an essential role in achieving this mission. Rural LISC is dedicated to building the capacity of these groups and increasing their production, by generating resources and investing in their work.

Rural LISC works **with and through** 87 grassroots partners located in rural communities and regions. We are the **connector and cross pollinator** for our partners, linking them to national opportunities, to each other and aggregating resources they might not otherwise access without our network.
